

WATER RELATED INTERNSHIPS

The **San Bernardino Valley Water Conservation District (SBVWCD)** has part-time, temporary internship positions for students in the following areas:

Engineering & Planning (internship in Water-related Engineering)

OR

Information Systems & Data Management (internship in Geographic Information Systems and water related computer data management)

Engineering and Planning Internship:

Water and groundwater management and planning internships related to managing and conserving water resources in the Santa Ana River Wash. Engineering skills and calculations knowledge required, experience preferred.

Collect and aggregate data for Engineering Investigation and other District efforts. Water and land resources management as well as habitat and mining background or knowledge a plus. General personal computer and work skills will be used; ability to use MS Office products, engineering and GIS experience a plus.

SBVWCD provides Internship credit with colleges and universities and provides an excellent opportunity to understand the use of GIS and data management as well as planning and engineering efforts in the water industry.

Information Systems/GIS Data Management Internship:

ArcGIS or ArcView experience, GPS experience and general data and coverage maintenance are skills that can be practiced and acquired. Data analysis, graphics/cartography, and interaction of GIS products with other software products are also skills that can be developed and applied. General personal computer and work skills will be used; ability to use MS Office products, graphics creation/editing products, and/or image editing software products are a bonus. Experience or familiarity well information, hydrogeology, groundwater analysis and monitoring will be very helpful.

SBVWCD provides Internship credit with colleges and universities and provides an excellent opportunity to understand the use of GIS and data management as well as planning and engineering efforts in the water industry.

These positions are open until filled. Please send your resume and cover letter to Daniel Cozad, dcozad@sbvwcd.dst.ca.us 909-793-2503

Please visit our web site or contact us for details. Internships are filled as-budgeted and as-needed not all slots are filled at all times.
